## INTRODUCTION

G4S pursues a responsible purchasing policy consistent with its business ethics, respect for fundamental worker rights, and environmental standards, all of which are key conditions for doing business with G4S.

This Supplier Code of Conduct sets out the G4S requirements and expectations with respect to key areas of responsible sourcing, and ensures that G4S upholds the values and sustained excellence for its customers and stakeholders.

This G4S Supplier Code of Conduct is informed by the International Bill of Human Rights and the UN Guiding Principles on Business & Human Rights, the principles concerning fundamental rights set out in the International Labour Organization's (ILO) Declaration on Fundamental Principles, Rights at Work and the 2015 Modern Slavery Act.

This Supplier Code of Conduct applies to all G4S Suppliers and their sub-contractors, which mean all of those with whom G4S and its subsidiaries worldwide have a contractual relationship; including contractors, Suppliers of goods and services and joint venture partners.

Any breach of the obligations stipulated in this Supplier Code of Conduct will be considered a material breach of contract by the Supplier.

## EXPECTATIONS FOR SUPPLIERS

As a minimum, all our Suppliers must comply with this Supplier Code of Conduct as defined by G4S. They are expected to ensure that these obligations are already in place or there is a clear time-line for full implementation within their own organisation and their associated Suppliers and sub-contractors.

G4S is committed to the highest standards of business integrity and as a result will not tolerate any practice that is inconsistent with the principles of honesty, integrity and fairness, anywhere in the world it operates.

G4S reserves the right to audit any of its Suppliers and their sub-contractors to confirm that the requirements set out in this Code of Conduct are in force. Failure to permit such an audit may result in the termination of any supply contract with G4S and its subsidiaries.

Should any audit identify any levels of non-compliance to this Code of Conduct, the supplier will be required to provide a detailed remedial action plan within twenty eight days, which must be presented to the relevant G4S Procurement team. If the Supplier refuses to comply with the action plan, G4S reserves the right to terminate the commercial relationship.

## THE SUPPLIER DECLARES TO COMPLY FULLY WITH THE FOLLOWING:

### BUSINESS ETHICS

All commercial exchanges with our Suppliers are based on an honest basis across all aspects of their operations both internally and externally. All transactions will comply with applicable laws and be built on transparency, strict business practices, confidentiality and freedom of competition.
